The Honorable Charles E. Grassley  
Ranking Member  
Committee on the Judiciary  
United States Senate  
Washington, D.C. 20510-6275

Dear Senator Grassley,

Thank you for your letter of 31 July 2014 noting the important work Inspectors General perform. I am pleased to report that the Defense Intelligence Agency has not in our collective memory impeded or interfered with our IG work.

As you know, we provide summaries of our closed investigations, inspections, and evaluations in our semi-annual reports to the Senate and House Intelligence and Armed Services Committees. Those reports are available for you and your staff to review. If you require additional information not contained in the summaries, please let us know.

I appreciate your continued support of Inspectors General. If you have any questions, please contact me or my legislative liaison, (b)(3);10 USC 424

Sincerely,

Kristi Waschull  
Inspector General
