4. Lomas de Zamora (34-63-5824W)

25 Jul 75

Terrorists identified as the "organization auto-proscripta" caused havoc when they attacked a patrol car. Although grave personal and material damage resulted (Note photo A), this attack was apparently set up as a distractor for at the same time in another zone left unguarded (patrolmen had gone to the aid of the attacked vehicle) a commercial shopping gallery was likewise attacked. Here terrorists vandalized especially by breaking store windows as shown in photo B below.

2. (U) Propaganda such as the following indicates the expressed motives and aims of the well organized Montoneros; of special note is the eighth paragraph which specifically stated that the Montonero Force will not give up their efforts against the present government which is (at least in their opinion) against the welfare of the common working man. In this communication they consider themselves an army against an enemy - the present Argentine Government. This Montonero Army is in search of volunteers to join its forces. It claims to be an untiring army and one that will fight to the end.

CONSTRUIR LAS MILICIAS DE EVITA!!

COMPAÑEROS:

Una vez más los peronistas debemos rendir homenaje en la calle a nuestra eterna abanderada de los trabajadores, allí donde el Peronismo es fuerte y el enemigo débil.

Hemos sido estafados y manipulados por este gobierno defensor de patrones y oligarcas, de las multinacionales.

Pero no lograron destruir el peronismo porque nos les presentó batalla con sus luchas en todas sus formas de expresión, en todas sus formas de militancia.

Por eso Isabel no se animó a salir el 27 de junio a la Plaza de Mayo.

Hoy en día se están peleando entre ellos por la "HERENCIA" que les queda.

Nosotros continuaremos la RESISTENCIA a este gobierno y no aceptaremos ningún gobierno que esté contra los intereses de los trabajadores y el Pueblo, sólo apoyaremos e impulsaremos a un gobierno surgido de la voluntad popular.

Para ello hemos aprendido que la mejor defensa de nuestras conquistas es el PUEBLO ORGANIZADO, y nuestro mejor homenaje a nuestra querida compañera EVITA es hacer realidad las MILICIAS PERONISTAS que ella soñara.

Por todo ello, para garantizar la Unidad de nuestra fuerza en este proceso de liberación, convocamos a los Peronistas a la constitución del MOVIMIENTO PERONISTA AUTÉNTICO, en todas sus ramas.

COMPAÑEROS: a ganar la calle para construir las Milicias Peronistas.

EL PERONISMO AUTÉNTICO VUELVE

PERON O MUERTE

VIVA LA PATRIA

HASTA LA VICTORIA NI GENERAL!

Montoneros

3 CMT 1. (S//NF): As evidenced by the above incidents Argentina is prey to an organized guerrilla movement - an obviously powerful movement which has caused great havoc. Up to now at least the Argentine Government has not been successful in quelling the guerrillas although some successful anti-guerrilla efforts have been made (Note IR (b)(3):10 USC 424). A look at a map of Argentina, and especially the greater BA area, gives an idea of the effort and organization of the guerrilla forces who label themselves "Milites" against the present government.

4. CMT 2. (S//NF): As the Government has had only minimal success countering guerrillas new initiatives by the Military may be necessary. Up until now however, the Military has not come to the front. It is interesting to note that so far all three forces have been very firm and very unified in their efforts not to take control. If the wave of worsening terrorism continues greater military participation countering it could take the form of increased military action in police functions, such as a military man holding position of Chief of Federal Police.
