explosive brigade personnel at the residence of Mr. Cussi Eduardo ~~xxxxx~~, Director General of General Motors of Argentina. The bomb consisted of a small electronic device (the device itself was not too powerful). There were no injuries.

- A package containing an explosive device was found in a vehicle parked in a car agency called "Automotores Pistini y CIA" Located at Avda. 649 Colon in Cordoba. The device was discovered by a mechanic of the agency who was checking the car. Explosive brigade personnel were summoned and removed the device and exploded it in front of the agency. Explosive personnel stated the device seemed to have been placed in the vehicle for some time and in a very discreet manner in order that the owner of the vehicle would not detect the bomb.

3. November 22 - At 1929 Salta, Buenos Aires, at a computer center/logistics office of the Argentine railroads, an explosive device was detonated, causing damage to walls, doors and windows. Neighboring buildings were also damaged. There were no injuries.

4. November 28 - At 21:40 there was an "audio" interference with Channel 13 TV transmitting the "Libertadores de America" soccer games between Boca Juniors and Deportivo Cali. The interference was heard in the areas of Street
